

To Whom it May Concern

Date: 05th May 2023

Dear Sir / Madame,

Reference: TRUE Engineering Supervision Ltd, Tashkent, Uzbekistan

This letter is to express my satisfaction with the services provided by TRUE Engineering Supervision Ltd., Uzbekistan, with whom my team worked during 2022 on an ADB funded project: "Capacity Building Program and Institutional Strengthening of State-Owned-Enterprises in Road Management for Road Subsector Development Strategy and Action Plan in Uzbekistan".

During this time, the company's staff provided us with reliable, professional and continuous operational support. Many of the individuals involved provided a sound, practical and dedicated approach to solving many of the issues and challenges faced during the project. Without this support, we could not have completed the project within the time and budget available.

I would be happy to recommend TRUE Engineering services to others who may require the range of professional services provided by the company.

Yours faithfully,

Mark Thriscutt, BSc (Hons), MBA, MIHT, MIOd, FRSA.

Independent Road Management Consultant, UK & Thailand.

(Team Leader for Roughton International on project mentioned above.)
